

DESCRIPTION

The 2022 Sanlorenzo SX76 model, 'AMERICA', seamlessly melds Sanlorenzo's distinctive style with the avant-garde traits of the SX series.

With its twin Volvo Penta D13 IPS 1200 900hp engines, the yacht stands out as a rare find—a high-spec yet minimally used vessel.

Its design comfortably hosts 8 guests and 2 crew. Enhancements like a zero-speed stabilization system, Volvo IPS Joystick controls, dual 28kW generators, and a spacious aft beach club elevate the on-board ambiance. Noteworthy amenities include a state-of-the-art hard top roof, hydraulic gangway, and a generous main deck galley. She is also packed with extras such as an upgraded A/C system as well as the 'Diamond' Navigation and 'Gold' Audio package. Viewings can be arranged in Athens, Greece.
