

DESCRIPTION

This Predator 84 is a 26,48-metre superyacht launched in 2010 by the world-renowned Sunseeker shipyard and last refitted in 2018. The Sunseeker Predator 84 is made to combine sportiness and style without sacrificing space and comfort. Elegant and fast, it is the perfect blend of beauty and power.

Her interior layout can comfortably accommodate up to 8 guests overnight in 4 well-equipped staterooms, including a sumptuous master stateroom featuring a large bathroom and a dressing room, a generous VIP stateroom with dressing room and a spacious bathroom, a double stateroom and one twin, both with ensuite facilities. With a custom configuration, she has been equipped with a layout that makes it much more spacious and elegant. The hard-top sliding roof allows natural light to flood the interior offering a sense of freedom and sportiness when sailing unique in these boat lengths. On the outside, in addition to its characteristic colours, stand out the custom stern table that allows to comfortably accommodate eight guests, a custom sport flybridge without helm station to provide more space and privacy and both a stern solarium and one in the bow with a dinette.
