

DESCRIPTION

Beautiful Riva motor yacht in very good general condition - metallic dark gray hull - full and very rich equipment - very elegant and bright interior furnishings with light woods and sofas - perfectly functioning and very well maintained engines.

The Domino delivers in spades, reaching a top speed of 38 knots and doing it with very little noise. She is a luxurious yacht, to be sure, but is considerably closer to her mahogany speedboat roots than her larger sisters. This 26-meter coupe yacht can boast wide spaces and many living/relaxation areas that make it ideal for both long cruises and day-to-day onboard life.

The upper saloon and the dinette figure an open-space that is divided from the steering station by a large TV screen, a solution that ensures impressive indoor brightness as it lets a large amount of natural light shine through the wide glazing on both sides and the windshield.
