

# PERSHING 50 (2007)

**I D E A**  
YACHTING

## DESCRIPTION

The Pershing 50 is one of the most successful models in the Italian brand's long history of building performance motor yachts.

The long, lean bow cuts smoothly through waves, pointing to a safe and secure ride even in tough conditions.

The pilothouse is open-ended, with a passageway running aft on the starboard side that leaves the rest of the space for a comfortable sun-pad. The opening sunroof adds to the al-fresco feeling .

The real surprise is inside, in the beautifully crafted accommodations. Central steps lead down from the helm to an oasis world of calm and luxury. Classic lacquered cherry is used extensively, contrasting nicely with the curved leather sofa and off-white panelling on the bulkheads, which have horizontal wood strips to break up the areas creating a sense of luxury.

The galley is on the port side, and her simple facilities include a two-burner stovetop, sink and microwave oven and a large refrigerator with deep freezer. Aft the galley is the day head, which also serves the two guest cabins, one with a double bed and the other has two single beds. The cozy ensuite master stateroom is forward with rounded lines emphasized by curved panels on each side of the mirrored headboard.
