

DESCRIPTION

This beautiful pre-owned used Sacs Rebel 47 certainly owes its success to the appreciation of the many owners eager to expand their horizons aboard a maxi rib where comfort, finishes and design are a must.

The cockpit of the Sacs Rebel 47 is comfortable, with triple seats located in front of a large console, well protected by the large windshield that shelters both the captain and all guests in the cockpit. Wide and protected by the fargue and handrails, the side decks are perhaps even larger and more comfortable than those found on traditional boats. When you sail, the first feeling you get is one of great comfort - the Rebel 47 is made for it. The boat starts to glide at 12-13 knots and gradually lowers the bow without the need for trimming. At 25 knots, you can travel first class and safely.
