

DESCRIPTION

The Predator 82 has an amazing profile and presence. It is timeless, sleek and elegant, and is the true epitome of the Sunseeker ethos of performance and design.

This example has a beautifully-kept hull, with classic Sunseeker navy blue hull band and boot-top line, which really stands out.

The cockpit and saloon areas are designed for summer relaxation, with a large sunpad and very social cockpit, plus a unique day bed inside the saloon to shy away for the afternoon sun.

This boat is equipped with hydraulic lifting platform to enable any combination of appropriate tenders and jetskis (not included).

Standard interior layout with full-beam Master Cabin and en-suite, a double with en-suite VIP cabin forward, and 2 twin cabins with bathrooms. The third twin cabin has an extra bunk fitted inboard and the crew cabin is fitted with an extra bed in the communal area.

This Predator 82 represents a very good opportunity.
