

DESCRIPTION

The Toy 36 Fly is the epitome of classic elegance and modern sophistication, representing the natural evolution of the iconic Toy 36. With her timeless lines and refined design, this yacht exudes luxury and style. The dual helm stations provide exceptional convenience for maneuvering and ensure comfortable cruising in all sea conditions, making her the perfect day-boat for discerning owners. Easily accessible via a fixed ladder at the stern, the flybridge offers a wide and pleasant field of vision, enhancing the cruising experience.

In line with the technical excellence of her predecessor, the Toy 36 Fly features a layout characterized by high-quality finishes and artisanal attention to detail. Every element is meticulously crafted, ensuring a harmonious blend of tradition and modern sophistication. Embrace the pinnacle of luxury yachting with the Toy 36 Fly, where classic elegance meets innovative design.

The layout has been designed to offer maximum comfort during navigation. A spacious swim platform makes boarding and accessing the sea particularly convenient. In the cockpit, two large sunbeds are ideal for relaxing even while cruising, while the ample dinette is protected by the deckhouse with an electrically opening sunroof. The large cockpit is essentially an extension of the dinette, and together they form a unique space that allows for enjoyable moments on board.

Below deck, the surprising height for an 11-meter boat offers exceptional habitability in all areas, providing ample space to move comfortably. The owner's cabin features a V-shaped bed designed to optimize the available space, while the saloon has a comfortable sofa that can be easily converted into an additional bed for guests. This configuration makes the environment cozy and versatile, ideal for extended stays on board.

Built in 2016 and meticulously updated in 2022-2023, this Toy 36 Fly is in pristine condition and fully equipped for the season. Ready to set sail, she offers an unparalleled yachting experience. Don't miss the chance to own this flawless masterpiece, designed to deliver both tradition and cutting-edge performance.
