

# WALLY TENDER 43 (2006/2019) | I D E A YACHTING

## DESCRIPTION

The true superpower of the Wally tender 43 lies in its remarkable versatility, masterfully combined with the aesthetics and performance typical of Wally. Perfect as a family day boat, a superyacht tender, or a shuttle for a resort, the Wally tender 43 fulfills every role with inimitable style. Its freestanding furniture allows for flexible space configuration, while the ample storage space ensures easy access to water toys and equipment at any time.

At the heart of the Wally tender 43 is its innovative and stylish central cockpit design, offering optimal protection for guests even at the top speed of 51 knots, all while maintaining the comfort and easy accessibility of a walkaround.

Choose your ideal spot: bask in the sun on the forward sun pad or relax in the soft shade of Wally's exclusive carbon fiber hard-top, supported by a single lightweight pillar. Simply lower the two aft wings to expand the social area and enjoy its great versatility, with options between the extendable sun pads or Wally's modular double sun-lounging sofa.

Below deck, the Wallytender 43 provides a comfortable double berth, perfect for a nap or an unplanned night at anchor.

However, this day boat truly excels in the open air. Sheltered behind the angular glass windshield, the ergonomic helm station offers intuitive control. With twin Cummins engines offering propulsion up to 550 hp, the power and maneuverability are unparalleled.

In 2019, this Wally Tender 43 underwent a significant refit, including the replacement of the engines with two powerful Cummins of 550 hp each, which greatly improved the power and overall performance of the vessel. Additionally, both the electrical and hydraulic systems were completely replaced, contributing to a substantial enhancement in terms of efficiency, safety and sustainability.
