

DESCRIPTION

Supremely versatile dayboats with a stylish walkaround centre cockpit and an inviting cabin, all with blistering pace and manoeuvrability thanks to their balanced, deep-V hull form developed by Wally and Ferretti Group's engineering department.

Versatility is the superpower of the wallytender43, perfectly united with Wally's sharp aesthetics and performance. Family day boat, superyacht tender or resort shuttle – the wallytender43 fulfils each role with inimitable style.

At the heart of the wallytender43 lies its innovative centre cockpit design. This offers optimum protection for guests, even at the blistering 40-knot top speed, with the convenience of a walkaround.

Below deck, the wallytender43 offers a double berth for unexpected overnights or a quick nap. The space is naturally air conditioned and complemented by a generous bathroom with separate walk-in shower.
