

DESCRIPTION

This Sunseeker Predator 84, a 26.85-meter (88'1") motor yacht, is a premier vessel crafted by the esteemed British shipyard Sunseeker, featuring exquisite interior styling by the renowned British designer.

Designed for an exceptional outdoor living experience, 'BST Sunrise' boasts an array of luxurious sunpads for sunbathing, inviting spaces for enjoying breakfast while taking in the scenic views, and a remarkable swim platform for refreshing dips. With her dynamic lines and sleek aesthetic, this yacht is sure to attract attention wherever she ventures.

Launched in 2011, 'BST Sunrise' is a high-performance luxury yacht maintained in optimum technical condition. She offers extensive sunbathing and seating areas located at the stern, flybridge, and foredeck, which is further enhanced by a Bimini top. Additional amenities include an al fresco dining table, a barbecue grill, and a hydraulic swimming platform. The salon is light and airy, featuring comfortable seating on both the starboard and port sides, along with a coffee table, dining area, and panoramic views of the cruising destination.

Accommodating up to eight guests, 'BST Sunrise' features four well-appointed suites: a full beam master suite with a queen-sized bed, walk-in wardrobe, and en-suite bathroom with a shower and seating area; a forward VIP cabin with a queen-sized bed and en-suite bathroom; and two twin cabins, each equipped with two single beds and en-suite bathrooms with rain showers. The yacht is also capable of carrying up to three crew members, ensuring a relaxed and luxurious experience. For entertainment, the yacht is equipped with LCD TVs, satellite TV, and a Bose sound system. Connectivity is enhanced by Wi-Fi access throughout the vessel, allowing guests to stay connected at all times. Comfort is prioritized with air conditioning available in all areas.

Constructed with a GRP hull and superstructure, 'BST Sunrise' is powered by twin MTU 16V 2000 M94 diesel engines. She cruises comfortably at 26 knots and can reach a maximum speed of 37 knots. An advanced stabilization system minimizes side-to-side roll, providing guests with exceptional comfort while at anchor or underway.
