

BLACK LEGEND

# BAIA ONE HUNDRED (2010)

**IDEA**  
YACHTING

## DESCRIPTION

---

The Baia One Hundred is an innovative and modern model, characterized by a large windshield and a completely open main deck. From bow to stern, an entire environment protected by a glass surface that transforms a closed space into a large terrace overlooking the sea.

The specific feature is undoubtedly the light, which floods every angle of the boat, but there are many details that make the Baia One Hundred a model that is certainly innovative. At the bow there is a real outdoor lounge; while at the stern the cockpit becomes one with the interior spaces. The stern door is the way to access the large glass superstructure: it disappears completely into the ceiling and, when opened, creates a single large space that combines the living area and the cockpit.

The Master cabin is located amidships towards the bow, full beam, and features a large double bed and two desks, one on each side; in the same area we find two mirrored cabins with twin beds and the VIP cabin, all with private head.

In correspondence with the twin cabins and the VIP cabin there is a very large sundeck and a C-shaped sofa capable of hosting all the guests on board.

The crew area is located in the stern with two cabins, complete with bathroom, adjacent to the galley, equipped with everything needed to prepare excellent meals even during extended cruises.

M/Y BLACK LEGEND has been perfectly maintained by her sole owner, sold in turn-key condition.
