

DESCRIPTION

This sophisticated Sanlorenzo 118 showcases the exceptional design and build quality for which Sanlorenzo is renowned. Built with a dedicated owner's team alongside a Northern European project manager, this 118 is one of the highest spec'd and finest examples built.

With a planning GRP hull, she combines speed and efficiency with luxurious living spaces. Visionnaire designed the yacht's expansive and opulent interior, with warm, neutral tones highlighted by onyx and marble accents. The main saloon benefits from a stunning balcony, which optimises light and seamlessly blends the indoor and outdoor spaces.

Accommodating up to 10 guests in five en-suite cabins, there's a full-beam owner's suite with port and starboard balconies, two VIP cabins, a twin and a double convertible kids or media room. Separate crew quarters can accommodate a complement of five.

The exterior spaces include a large aft deck for al fresco dining, a spacious foredeck sunbathing area with a bow seating arrangement unique to this 118, and a bespoke flybridge layout with wet bar and additional dining space.

Powered by twin MTU engines, the SL118 achieves a top speed of 27 knots and a cruising speed of 23 knots, whilst a Zero-speed stabilisation system enhances comfort at anchor.

Maintained solely for private use, this SL118 is offered for sale in immaculate condition and represents a fantastic opportunity for discerning buyers seeking a turnkey yacht ready for immediate use.
