Introducing the Evo R4+, a stunning blend of cutting-edge technology, Italian craftsmanship, and modern elegance, designed for discerning boaters who seek both high performance and sophisticated style on the water. This innovative day cruiser, engineered by Evo Yachts, transforms your boating experiences into tailored adventures, offering unparalleled versatility.

Step aboard the Evo R4+ and enter a realm where luxury meets functionality, ensuring every moment on the water is nothing short of extraordinary. This yacht redefines luxury yachting with its avant-garde design, state-of-the-art technology, and exceptional performance, offering a perfect balance of aesthetic appeal and practical excellence.

With its striking silhouette and aerodynamic profile, the R4+ captivates at first glance, enhanced by high-quality materials and finishes designed to withstand the rigors of the sea. On board, guests are enveloped in an atmosphere of refined luxury, featuring spacious interiors with panoramic windows that showcase stunning ocean views. Opulent furnishings and top-tier amenities create an inviting retreat for every voyage.

At the heart of the Evo R4+ lies advanced propulsion technology that delivers remarkable speed and agility. Its innovative hull design ensures stability and efficiency across various sea conditions, while an integrated gyro stabilizer enhances onboard comfort by minimizing roll and sway. Coupled with eco-conscious features, the Evo R4+ sets a new standard in luxury yachting, making it the ultimate choice for those who refuse to compromise on style or performance.
