

GIA GIA'

PRINCESS YACHTS V72 (2011)

I D E A
YACHTING

DESCRIPTION

M/Y GIA GIA' is a stunning yacht that combines timeless design, powerful performance, and meticulous upkeep. Powered by twin MTU 1600 hp engines with only 644 hours, she combines sporty performance with refined elegance. Her spacious cockpit features a comfortable seating area and sunpad, while the electric swimming platform with up-and-down system adds both practicality and ease of use. The salon is designed for relaxation and socializing, with a leather coffee table, sofa, and dining area conveniently located next to the helm station.

On the lower deck, GIA GIA' offers three beautifully appointed cabins: a full-beam master with sofa, beauty table, and ensuite; a guest cabin with twin beds and ensuite, which also serves as a day head with access from the galley; and a forward VIP cabin with ensuite. At the bow, a wide sunpad and seating area provide the perfect space for enjoying the open air.

Maintained to the highest standards, this yacht is in excellent condition and presents far younger than her age, making her an outstanding opportunity on the market.
