JOURNEY

SANLORENZO SL86 (2024)

DESCRIPTION

The Sanlorenzo SL86 embodies Italian elegance, advanced engineering, and top-tier performance.Powered by twin MAN 12V 2000 HP engines, she reaches 30+ knots with impressive comfort and stability.Accommodation for 8 guests is arranged in a refined layout by Officina Italiana Design.
Expansive hull windows, a generous flybridge, and a warm contemporary interior define her character.Premium craftsmanship and superb seakeeping make her ideal for Mediterranean cruising.Sanlorenzo blends decades of expertise with innovation and unmatched personalization options.Lowered bulwarks allow enlarged side windows to capture maximum natural light.
Guests can enjoy uninterrupted sea views even when seated in the main salon.The salon feels wider and brighter while retaining Sanlorenzo's timeless, understated lines.A sculptural staircase to the flybridge features steps framed by two plates of glass.This "floating" design transforms the staircase into an architectural centerpiece.
Every space is optimized to enhance volume, atmosphere, and the flow of natural light.
