

DESCRIPTION

The Airon Marine 388 (2007) is a stylish and versatile open cruiser, combining sporty performance with comfortable accommodation and elegant Italian design.

Her layout features two cabins, including a master cabin with a double bed forward, and a guest cabin with twin beds convertible into a double, plus an additional third berth, offering accommodation for up to five guests. A well-appointed bathroom serves both cabins.

Powered by twin Volvo Penta 350 HP engines, she delivers a top speed of approximately 35 knots and a comfortable cruising speed of around 22 knots, ensuring both performance and efficiency. The engines underwent major servicing at 1,000 hours, reflecting careful ownership and maintenance.

Significant upgrades were carried out in 2023, including new teak decking, injector servicing, and renewed interior upholstery, enhancing both her aesthetics and overall condition.

With her practical layout, recent works, and sporty profile, this Airon Marine 388 represents an attractive option in the open cruiser segment.
