

## DESCRIPTION

---

The Black Eagle 40, built in 2007 and first registered in 2008, is a sleek and sporty open yacht combining performance with refined Italian styling.

Powered by twin Volvo Penta D6-350 DP engines, she delivers reliable performance and smooth cruising. In 2023, both engines were fully disassembled for a major service intervention, together with the generator, reflecting a thorough approach to maintenance.

The vessel has also benefited from significant cosmetic upgrades, including a full teak refurbishment and complete hull repaint in 2023, followed by a professional polish in 2025, presenting today in very attractive condition.

With her elegant lines, documented upgrades, and consistent upkeep, this Black Eagle 40 represents an interesting opportunity for buyers seeking a well-maintained and stylish day cruiser in this segment.
