

EAGLE

# FJORD 38 XPRESS (2022)

**IDEA**  
YACHTING

## DESCRIPTION

---

The Fjord yacht perfectly combines avant-garde Scandinavian design, luxury, and exhilarating performance, offering a distinctive open-yacht experience with exceptional comfort and functionality. Her enlarged T-Top provides extensive shade across the cockpit, creating an elegant and protected outdoor living area ideal for entertaining and relaxing at sea.

Powered by twin Suzuki 350 HP engines, she delivers smooth and responsive performance, enhanced by an impressive list of equipment including joystick control, bow thruster, autopilot, interceptor flaps, inverter, and remote-controlled anchor system, ensuring effortless maneuverability and maximum onboard comfort.

The helm station is equipped with modern technology and integrated entertainment systems, while the yacht's iconic windscreen gives her a bold and contemporary profile inspired by designer eyewear.

Below deck and throughout the exterior spaces, premium materials and refined craftsmanship create an exclusive atmosphere. Fine woods, luxurious fabrics, and elegant textured finishes enhance the sophisticated interior ambiance, reflecting Fjord's unmistakable style and attention to detail.

On board, comfort is further enhanced by two refrigerators, two freezers, an electric telescopic linen sunshade, and an additional manual bow awning, making the yacht perfectly suited for long summer days on the water.

The vessel is currently visible in Olbia at the shipyard where she is professionally stored and maintained every year. A highly specified Fjord, combining style, innovation, and practicality in one striking package.
