

DESCRIPTION

The Baia B50 is a modern reinterpretation of one of the most iconic Italian open yachts, combining timeless design, exhilarating performance, and contemporary comfort.

This model, one of the largest and most celebrated successes of its era, distinguished itself not only through numerous victories in international competitions but also by marking a turning point in the production philosophy of Baia Yachts.

Her bright and elegant interior features a full-beam owner's cabin amidships, a forward VIP cabin, and a spacious salon with premium finishes throughout. Large windows and skylights flood the living areas with natural light, creating a welcoming atmosphere both underway and at anchor.

Built with advanced vacuum-infused construction and powered by modern turbo-diesel engines, the B50 delivers impressive efficiency, handling, and reliability.

In 2026, the yacht benefited from a major refit, including a complete hull repaint and a full overhaul of both engines and generator, all brought back to zero hours.

Presented in outstanding turn-key condition, she offers a rare opportunity to own a fully updated, high-performance Italian yacht ready for immediate cruising.
