

CRANCHI E26 (2022)

I D E A
YACHTING

Sister Ship

DESCRIPTION

Presented in outstanding condition, this 2022 Cranchi E26 Classic offers the perfect combination of timeless Italian styling, premium craftsmanship and exceptional practicality. Powered by Volvo Penta and meticulously maintained, she has been used exclusively on a freshwater lake, meaning she has never been exposed to salt water—a rare and highly desirable advantage that has preserved her mechanical components, hull and fittings in remarkable condition.

Finished in the elegant Mercury Grey hull color, she features a refined beige quilted upholstery complemented by teak decking on the bow, cockpit and swim platform, creating a warm and sophisticated atmosphere both underway and at anchor.

The helm is equipped with the Volvo Penta electronic throttle featuring Trim Assist and Cruise Control, ensuring smooth, effortless handling and enhanced fuel efficiency. Onboard entertainment is provided by the Fusion MS-NRX300 audio system, while the boat is also pre-arranged for the installation of a marine toilet, offering additional flexibility for future upgrades.

This Cranchi E26 Classic represents an exceptional opportunity for buyers seeking a nearly pristine day cruiser with unmistakable Italian design and uncompromised condition.
