

CALA DI LUNA III

ZETA ELLE 20 (2021)

I D E A
YACHTING

DESCRIPTION

The Zeta Elle 20 CALA DI LUNA III is a striking high-performance yacht combining exhilarating speed with refined comfort and contemporary design. Built with a composite hull and designed for exceptional stability and effortless handling, she is powered by four Mercury Verado 600hp outboard engines, delivering an impressive top speed of up to 55 knots. Her generous exterior spaces are perfectly conceived for Mediterranean cruising, relaxation and entertaining, enhanced by a newly refinished teak deck, stylish T-top and practical hydraulic stern platform.

Below deck, CALA DI LUNA III offers surprisingly spacious and comfortable accommodation for a yacht of her sporty character. The layout features two beautifully appointed guest cabins, each with its own ensuite bathroom. The Master Cabin, located forward, offers a comfortable double berth and private ensuite. A separate twin guest cabin provides additional accommodation with its own ensuite bathroom. Dedicated crew quarters with a private head ensure privacy and convenience for both guests and crew.

Her combination of speed, generous deck areas and comfortable interiors makes her equally suited to day cruising, island hopping and longer weekends on board. Sporty yet sophisticated, CALA DI LUNA III delivers an outstanding balance of performance, functionality and onboard comfort. Built in compliance with the applicable Recreational Craft Directive (RCD), she is classified Category B.

With her powerful presence, refined finishes and impressive performance, CALA DI LUNA III offers an exciting and distinctive approach to luxury cruising.
