CUSTOM LINE NAVETTA 30 (2026)

I D E A
YACHTING

DESCRIPTION

The 2026 Custom Line Navetta 30 combines Italian elegance, exceptional comfort and generous living spaces.

Powered by twin MAN 1,000 HP engines, she offers smooth and effortless cruising. Her exterior is finished in Optical White, complemented by refined interiors in Alpi Bleached Grey Oak. She offers an impressive 320 sqm of onboard spaces, seamlessly combining indoor and outdoor living.

The yacht features 207 sqm of dedicated living areas, designed for relaxation and entertaining. The 37 sqm alfresco dining area creates an exceptional setting for outdoor dining and socializing.

The 35 sqm Owner's Suite, located on the main deck, provides an outstanding private retreat. Four additional ensuite cabins are located on the lower deck, comprising two doubles and two twins. Crew accommodation includes three ensuite cabins for up to five crew members.

The luminous, full-length 32 sqm sundeck provides an exceptional open-air space for relaxation. A panoramic sea-view bar offers a unique setting to enjoy the surrounding scenery. Large, beautifully connected spaces create a natural flow between interior and exterior areas.

She is equipped with a Seakeeper Gyro 70 and Sleipner fin stabilizers, providing stabilization both at anchor and underway. She is also designed and equipped for charter use, subject to commercial registration, and features an installed Atlas Marine electrical conversion system.

Every element has been conceived to provide privacy, comfort and contemporary sophistication. A remarkable 2026 Custom Line, offering an exceptional combination of space, elegance and cruising comfort.
