FAIRLINE SQUADRON 62 (2001)

I D E A
YACHTING

DESCRIPTION

The Farline Squadron 62 is a sophisticated and versatile motor yacht, combining elegant Italian styling with excellent cruising comfort and practical onboard spaces. She offers accommodation for up to six guests in three ensuite cabins, comprising two double cabins and one twin cabin, providing privacy and comfort for family cruising or extended stays on board. A dedicated crew cabin accommodates two crew members, while the yacht is equipped with an aerial satellite system for enhanced connectivity and entertainment.

Her generous cockpit features a third control station, offering additional flexibility and ease of manoeuvring. The yacht is also equipped with a washer/dryer, a second refrigerator on the flybridge and a flybridge grill, making her particularly well suited to extended time at sea.

Powered by twin MAN 1,050 HP engines, she offers a strong combination of performance, reliability and comfortable cruising. The yacht has been consistently maintained, with annual servicing carried out throughout her ownership. The cockpit and bathing platform teak were renewed in 2015, while the batteries were replaced in 2017. In 2017, the flybridge aft seat cushions and aft closure were also renewed, together with new exterior covers. At the end of the 2026 season, the generator underwent a complete service, further contributing to her reliability and readiness for cruising.

A well-equipped and carefully maintained example, offering a spacious three-cabin layout, excellent outdoor living and a comprehensive specification.
