GAMMA YACHTS GAMMA 20 (2014)

I D E A
YACHTING

DESCRIPTION

Commissioned in 2014 by Andrea Bocelli, her first owner, this exceptional Gamma Yachts 20 was specified to the highest standards, with premium equipment throughout and a Yamaha piano paired with a concert-quality audio system. Designed by renowned Dutch studio Vripack in collaboration with Jetten Jachtbouw, she incorporates the proprietary Vripack Smart Kit construction method, reducing build time by approximately 25%. Part of Gamma Yachts' distinguished 22-metre mini-superyacht series, she combines innovative engineering with refined design and generous living spaces. Sold to her current owner in 2019, she has since benefited from meticulous maintenance at leading shipyards, supported by an exceptionally comprehensive service history. Her elegant accommodation comprises four en-suite guest cabins: an aft master suite, a forward VIP cabin, a twin cabin with an additional Pullman berth, and a twin cabin with bunk beds. Separate quarters for two crew members, complete with en-suite facilities and independent forward access, ensure comfort and privacy for guests and crew alike.
