BILLA

TOY MARINE 51 (2008)

DESCRIPTION

The Toy 51 combines generous onboard accommodation with exceptional manoeuvrability and ease of handling, offering an ideal balance between comfort, practicality and performance. Designed for both enjoyable day cruising and extended holidays with family and friends, she provides excellent comfort thanks to her thoughtful layout and comprehensive equipment.

The exterior living areas are designed to maximise outdoor enjoyment and practicality. The generous cockpit features wide sunpads, a comfortable seating and dining area, complemented by a convenient outdoor cooking station equipped with a ceramic glass hob and a sink, allowing guests to enjoy relaxed meals on board while making the most of the open-air setting. A tender garage, accessible from the stern platform and equipped with a convenient tender lift, further enhances onboard practicality.

Below deck she features two guest cabins and two bathrooms, complemented by a dedicated crew cabin with its own bathroom and independent access from the cockpit. This clever arrangement allows an additional crew member to assist on board while ensuring complete privacy for owners and guests.

Versatile, comfortable and easy to manage, the Toy 51 is perfectly suited to owners seeking a yacht that delivers both relaxed day cruising and extended stays on board.
